GUSTAVO NOVOA

DESTINATIONS

GUSTAVO NOVOA has been represented exclusively by Wally Findlay Galleries since the early 1970s, with one-man exhibitions worldwide, establishing him as a champion of the environment and wildlife conservation.

His animal subjects are naïf and whimsical, painted in lush and colorful backgrounds in touch with the sublime. Novoa constructs a dream-like new jungle where the lion lies down with the zebra. The gently radiant colors of Novoa's luxuriant foliage seem to wield a mystical power, transcending the ruthless laws of nature to bring harmony to the whole composition and essence of living.

In his latest works, Novoa returns with his gentle jungle denizens around the world, transporting them to cultural and historical landmarks. The fanciful scenes construct a new and intriguing world, changing the perspective in which the peaceful animals are viewed.
